【Notice on countermeasures against imitations of HARVES products】

We appreciate your purchase of our products. As we informed you earlier, imitations of HARVES products have been distributed in China. Please be advised that we will take the following countermeasures.

《Countermeasures against the imitations》

①. DRYSURF (except special containers)

- 1). Put a seal over caps of DRYSURF cans and seal them. (We plan to prepare 12 kinds of the seal and change it regularly.)
 - 2). Inner lids will be changed to pull-top lids.
- ※. We implemented the two countermeasures for the products **manufactured from July 25th, 2011.**

(Sample pictures)

1). The cap of DRYSURF can (1kg) is sealed.

1). The cap of DRYSURF pail can is sealed.

2). DRYSURF can with new pull-top lid.

2). After opening a pull-top lid.

②. HI-LUBE

1). Put a seal over caps of HI=LUBE containers and seal them. (We plan to prepare 12 kinds of the seal and change it regularly.)

※. We will implement the two countermeasures for the products [manufactured from September 1st, 2011.](#)

(Sample pictures)

1). The cap of fluorine oil based HI-LUBE polyethylene bottle (1kg) is sealed.

1). The cap of olefin oil based HI-LUBE metal can (1kg) is sealed.

1). The cap of narrow mouthed pail can is sealed.

1). The lever band of pail with an open top is sealed.

《Requests from HARVES》

- i). We would appreciate if you accept the changes mentioned below by this letter. If you need additional documents regarding the changes, kindly contact us.
- ii). We plan to change the design of the seal once a month or so to eradicate imitations.
We will upload the design on our website (www.harves.co.jp) after we change it. Kindly check our website on a regular basis.
- iii). Please purchase HARVES products via official distribution channels. Imitations tend to be delivered when distribution channels were changed to local ones in China.
There are many companies that sell our products on the internet but those might be imitations.
Please pay extreme attention when you purchase our goods from them.
- iv). Please make holes in cans or squish the cans prior to disposing of them to avoid reuse.
It would help to reduce imitations when the cans are not reused.
We would appreciate your kind understandings and cooperation.
- v). Please contact us when you have any doubts about the products you have purchased.
We would appreciate if you send pictures of the label, cap, welding parts of can body, can bottom and also provide us the information on your distribution channel.
